Next Step

In order to provide you with the best value possible from our health insurance plan, every employee needs to complete a Personal Health Questionnaire (PHQ). Its sole purpose is to help potential health insurance carriers assess our risk as a group and determine appropriate premiums.

Your privacy is of utmost importance to America's Choice, which is why we are using an outside 3rd party administrator, Detego Health, to gather this information. No one except Detego Health will be able to view this information at any time. This includes employees in human resources and finance who administer the health insurance plan for our company. Also, completing a questionnaire is NOT a commitment to enroll in benefits; you can waive benefits later when it's time for open enrollment.

Please complete the personal health questionnaire by **5:00 pm CT on Wednesday November 30th**. Click the link below to get started immediately:
